On October 9, 2010, the Company entered into an agreement to form a joint venture corporation with Ionlite Inc., a California Corporation (www.ionlite.com) Ionlite's proven air purifiers safely remove harmful particles from the air. Most particles that "float" in the air are positively charged. These particles act as large "rafts" for toxic chemicals and disease organisms-not the kind of thing you want to breathe! Negative ions are attracted to this positive charge like the opposing poles of a magnet. When the negative ion gives up its charge to the particle, it becomes attracted to other positively-charged particles in the air, forming masses that are too heavy to remain suspended. The joint venture company, Bion LLC is actively marketing the Ionlite products and currently has over \$250,000.00 in its inventory.

On October 11, 2010 the Company entered into an agreement to form a Joint Venture Corporation with Searching For Bigfoot, Inc., called Bigfoot Lives, LLC, a Nevada Limited Liability Company. On November 05, 2010 the Company entered into an agreement to Joint Venture with Branek Inc., a California Corporation to form GTS Global LLC to market “Green Tea Smokes”, also known as Billy 55. The GTS Product fulfills the needs of millions of tobacco smokers without exposing them to harmful effects of nicotine. The Green Tea smokes are not subject to federal or state tobacco taxes. Pricing can be at compelling discounts off cigarette market rates, yet exceptional profits should still be earned. Billy 55 will be sold in convenience/ food/ drug stores, specialty shops, street venues, clubs, and “big box” retailers. Where permitted, it will be dispensed in vending . Billy 55 smokes are made from a select green tea plant blended with other herbs in an established production process, overseen by an independent third-party quality control contractor. They are used just like tobacco products, however, they have significantly less tar, contain no nicotine, and are not produced using chemicals that are known to facilitate or enhance physical addiction. Smoking Billy 55 does produce carbon monoxide and tar; however, the tar is at a fraction of the equivalent measurement of tobacco. Billy 55 offers the millions

that enjoy smoking an opportunity to enjoy a very appealing smoke along with a means for satisfying smokers' urges without being exposed to health risks associated with tobacco and nicotine. For some tobacco users it may even assist as an aid in cessation since it can satisfy oral fixations and hand boredom issues that are very common forces driving cigarette usage. The Company intends to assist with marketing the product, search for distribution and pledge BCLE preferred stock for a note offering by GTS Global LLC.

On April 4, 2011 the Company entered into a Joint Venture Agreement with Green Bridge Industries, Inc. to form a yet unnamed partnership which would market each other's products to different areas not serviced by the Companies. Item XVI: Management's Discussion and Analysis or Plan of Operation.

A. Plan of Operation

The Company transferred its interests in two operating entities, American Bio-Clean Corporation and American Bio-Tech Cleaning in 2010. On January 25, 2010 the Company sold its interest in American Bio-Tech Cleaning, Inc. in exchange for One Hundred Thousand (100,000) shares of Series I Preferred Stock of ACT Clean Technologies, Inc., which is convertible into One Million Dollars

(\$1,000,000) of ACT Common Stock. This agreement is marked below as exhibit 14.1. A Settlement Agreement and Mutual Release (“Agreement”) was executed as of April 17, 2010 by and between Bio-Clean International, Inc., a Nevada corporation and others, on the one hand (hereinafter “Parties of the First Part”), and John P. Finn (“Finn”), Tammy D. Dunn, Donald Wantz (“Wantz”) and American Bioclean Corporation, a Nevada corporation, on the other hand. This agreement is marked below as Exhibit 14.2.

GOING FORWARD

During the reporting period, the company has entered into negotiations with several companies to joint venture to provide additional revenue for the company. No new information is available at this time.

On October 9, 2010, the Company entered into an agreement to form a joint venture corporation with Ionlite Inc., a California Corporation (www.ionlite.com) Ionlite's proven air purifiers safely remove harmful particles from the air. Most particles that "float" in the air are positively charged. These particles act as large "rafts" for toxic chemicals and disease organisms-not the kind of thing you want to breathe! Negative ions are attracted to this positive charge like the opposing poles of a magnet. When the negative ion gives up its charge to the particle, it becomes attracted to other positively-charged particles in the air, forming masses that are too heavy to remain suspended. The joint venture company, Bion LLC is actively marketing the Ionlite products and currently has over \$250,000.00 in its inventory.

On October 11, 2010 the Company entered into an agreement to form a Joint Venture Corporation with Searching For Bigfoot, Inc., called Bigfoot Lives, LLC, a Nevada Limited Liability Company. The purpose of the joint venture is to distribute to Mexico a Spanish language adaptation of the film “Bigfoot Lives”, a documentary film produced by Searching For Bigfoot Inc. (SFB). SFB is a Nevada Corporation founded in 2006, Searching For Bigfoot’s primary purpose is to provide evidence of the existence of the creature known as “Bigfoot”, while debunking myths about the creature-all the while filming it in documentary form. The Joint Venture Company, Bigfoot Lives, LLC, is licensed to adapt the film with Spanish subtitles and eventually dubbed with Spanish voices.

On November 05, 2010 the Company entered into an agreement to Joint Venture with Branek Inc., a California Corporation to form GTS Global LLC to market “Green Tea Smokes”, also known as Billy 55. The GTS Product fulfills the needs of millions of tobacco smokers without exposing them to harmful effects of nicotine. The Green Tea smokes are not subject to federal or state tobacco taxes. Pricing can be at compelling discounts off cigarette market rates, yet exceptional profits should still be earned. Billy 55 will be sold in convenience/ food/ drug stores, specialty shops, street venues, clubs, and “big box” retailers. Where permitted, it will be dispensed in vending . Billy 55 smokes are made from a select green tea plant blended with other herbs in an established production process, overseen by an independent third-party quality control contractor. They are used just like tobacco products, however, they have significantly less tar, contain no nicotine, and are not produced using chemicals that are known to facilitate or enhance physical addiction. Smoking Billy 55 does produce carbon monoxide and tar; however, the tar is at a fraction of the equivalent measurement of tobacco. Billy 55 offers the millions that enjoy smoking an opportunity to enjoy a very appealing smoke along with a means for satisfying smokers’ urges without being exposed to health risks associated with tobacco and nicotine. For some tobacco users it may even assist as an aid in cessation since it can satisfy oral fixations and hand boredom issues that are very common forces driving cigarette usage. The Company intends to assist with marketing the product, search for distribution and pledge BCLE preferred stock for a note offering by GTS Global LLC.

On April 4, 2011 the Company entered into a Joint Venture Agreement with Green Bridge Industries, Inc. to form a yet unnamed partnership which would market each other’s products to different areas not

serviced by the Companies. On September 7, 2011 the Company signed a manufacturing agreement with Green Bridge Industries, Inc. and its wholly owned subsidiary, ZAP Industries, Inc., in which Green Bridge Industries has agreed to assist and implement the setup of Bio-Clean International as a manufacturer of green and other cleaning products needed to fulfill our sales and marketing goals. Under this agreement, Bio-Clean will control the manufacturing of these products as well as other related products for necessary for future expansion plans. Additionally, Bio-Clean will assume part of the Green Bridge's debt as part of the purchase. ZAP Industries, Inc., as part of this agreement, will be the exclusive ingredient supplier to Bio-Clean for some of the products manufactured.

On June 18, 2011, the company merged with Remuda Inc., a Nevada Company through statutory merger. Remuda Inc. is a petroleum research company that also has a product distribution subsidiary marketing research and methods for retail distribution worth \$50,000. Remuda owns the rights to the marketing research and methods of retail distribution through state and county fairs, swap meets, and other similar events, suitable for introducing and test marketing products before placing them in mass distribution retail outlets such as Walmart. The response of customers at such events is invaluable market research in fine tuning packaging and testing price points and markups in distribution. The strategies and requirements necessary for success in this type of multimillion dollar market all around the country have been developed by the Remuda team over 20 years of experience in the conducting such marketing, outlining the equipment required, the anticipated overhead expenses, and more.

On August 17, 2011 the company signed a Letter of Intent to Joint Venture with Mariner's Choice Industries of Toronto, Canada. As of the date of this report no agreement has been reached to form a joint venture.

On September 30, 2011 the company entered into a General Partnership agreement with Genesis Industries Inc. to manufacture, distribute and market bio-remediation fluids and other natural cleaning products for military, commercial and consumer use. The name of the new partnership company is called Genesis Environmental Products. The new company is 40% owned by Bio-Clean International and will carry a Service Disabled Veteran Owned Business designation.

EXHIBIT 14.2

SETTLEMENT AGREEMENT AND MUTUAL RELEASE

This Settlement Agreement and Mutual Release (“Agreement”) is executed as of April 17, 2010 by and between James E. Shipley (“Shipley”), Bio-clean International, Inc., a Nevada corporation (hereinafter “BCLE”), René E. Ponce, American Bio-tech Cleaning, Inc., a Nevada corporation (hereinafter “ABT”), George Roth, Michael Roth, Bio Clean, Inc., a Nevada corporation, ACT Clean Technologies, Inc., a Nevada corporation, and Russell Kidder, on the one hand (hereinafter “Parties of the First Part”), and John P. Finn (“Finn”), Tammy D. Dunn, Donald Wantz (“Wantz”) and American Bio-clean Corporation, a Nevada corporation (hereinafter “ABC”), on the other hand (hereinafter “Parties of the Second Part”).

I. RECITALS

A. Following a meeting with Finn and Wantz in September, 2007 relative to an investment opportunity in ABC, a Service Disabled Veteran Owned Small Business (“SDVOSB”) owned by Finn and Wantz, Shipley arranged for a loan of \$150,000 for ABC, evidenced by a

promissory note, payable in full in six months together with an equity distribution to the lender.

B. When said promissory note came due, neither ABC nor Finn nor Wantz could pay any part of it. Instead, BCLE issued its note, personally guaranteed by Shipley, in the sum of \$260,000, being principal, interest and the buy-back cost of the agreed upon equity position owed to the lender, in exchange for the \$150,000 promissory note. Neither ABC, nor Finn nor Wantz has, to date, paid any part of said \$260,000 note to BCLE.

C. Since January, 2008 to the present ABC has operated as an affiliated entity of BCLE, which owns forty-one percent (41%) of the issued and outstanding shares of ABC stock.

D. Parties of the First Part and Parties of the Second part now wish to terminate their present business relationships set forth above and to provide for a distribution of certain assets and liabilities arising from those relationships

of any provision of this Agreement, and (b) money damages would not afford adequate relief for such a breach; and

(iv) The consideration to be paid for release under this Agreement is fair and adequate.

Accordingly, if any Party violates any provision of this Agreement, then the nondefaulting Party shall be entitled to temporary and permanent injunctive relief (including specific performance) to enforce the provisions of this Agreement, in addition to any other right or remedy of the nondefaulting Party available under this Agreement or otherwise, without prejudice to the nondefaulting Party's right to seek and recover monetary damages, and upon a satisfactory showing by the nondefaulting Party of a breach or a threatened breach of any of the provisions of this Agreement.

Each Party hereby expressly waives the defense that a remedy in damages would be adequate.

Page 7 of 14

3. "Damages" If a breach of this Agreement results affects the tax status of any Party to this Agreement, then damages shall be determined by taking into account, among other relevant factors, the additional federal income tax, California franchise tax and any other additional taxes or costs (including legal and accounting fees) of the Parties resulting therefrom, and no nondefaulting Party shall be under any duty to mitigate in any manner.

K. Attorneys' Fees, Costs and Disbursements

If any Party to this Agreement brings an action or other proceeding for the enforcement of, or seeks a declaration as to, or asserts by way of defense, any term or provision of this Agreement, then there shall be an award of reasonable attorneys' fees, costs and reasonable disbursements of counsel to the prevailing Party or Parties.

L. Construction

The Parties have participated jointly in the negotiation and drafting of this Agreement and in the event of any ambiguity or question of intent or interpretation, no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement.

M. Further Assurances

The Parties shall take such actions and execute and deliver such further documentation as may reasonably be required in order to give effect to the transactions contemplated by this Agreement and the intentions of the Parties hereto.
