Rancho Santa Margarita, CA - February 28, 2011

Bio-Clean International, Inc. (Stock Symbol: [BCLE](#)) announced today that it has signed a Joint Venture agreement with Ionlite, Inc., of Santa Clarita, California (www.ionlite.com) which will provide additional revenue streams to the company. Terms of the agreement were not disclosed. The new Joint Venture Company will be called Bion LLC and will be based in Santa Clarita, California.

Mike Roth, President & CEO of Bio-Clean International, Inc. stated:

"We are thrilled with this opportunity in teaming with Ionlite to help bring to consumers an innovative line of products. This Joint Venture will make a strong contribution to the success of Bio-Clean. We look forward to working closely with Ionlite, Inc. to build a solid business for the future".

Ionlite, Inc. Chairman Bill Kinsey commented,

"Teaming with Bio-Clean will enable us to expand our fundraising capabilities and build a new business and fundraising. We look forward to working with Bio-Clean to make our Joint Venture as successful as possible.

About Bio-Clean International, Inc.

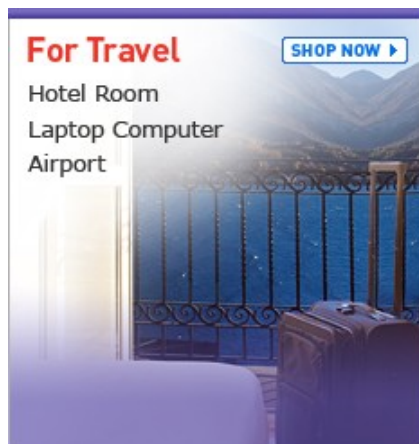

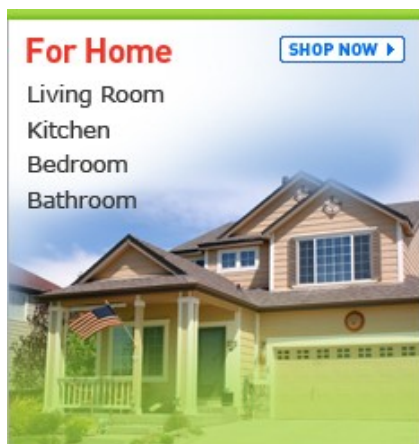

The Company is a supplier of environmentally-safe products (equipment and bio-remediation fluids) to the military for use in cleaning weapons, from small hand arms to aircraft-mounted artillery, aircraft wheels and gear, and to a wide-variety of non-military users of environmentally-friendly, bio-remediation fluids.

About Ionlite, Inc.

IonLite Inc. has developed a [proven product line](#) that cleans and purifies the air. Utilizing negative ion technology particles such as pollen, dust, smoke, per dander, dead skin and any particulates resulting from air pollution are removed leaving fresh air to breath. Bacteria such as E. coli and odors are also eliminated.

IonLite has developed products for the home, office and travels so you can take fresh air wherever you go. There is also a "[Pet Odor Eliminator](#)" product line that addresses the lucrative pet market.

A number of statements referenced in this Press Release are forward-looking statements, which are made pursuant to the Safe Harbor Provisions of the Private Securities Litigation Reform Act of 1995, and within the meaning of Section 27A of the Securities Act of 1933 and Section 21B of the Exchange Act of 1934. Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, and goals, assumption of future events or performance are not statements of historical fact and may be “forward-looking statements.” Forward looking statements are based on expectations, estimates and projections at the time the statements are made that involve a number of risks and uncertainties which could cause actual results or events to differ materially from those presently anticipated.

Forward-looking statements in this Release may be identified through the use of words such as “expects,” “will,” “anticipates,” “estimates,” “believes,” or statements indicating certain actions “may,” “could,” or “might” occur. Such statements reflect the current views of Bio-Clean International, Inc. and Ionlite, Inc. with respect to future events and are subject to certain assumptions, including those described in this release. These forward-looking statements involve a number of risks and uncertainties, including the timely development and market acceptance of products, services, and technologies, competitive market conditions, successful integration of acquisitions, the ability to secure additional sources of financing, the ability to reduce operating expenses, and other factors. The actual results that the Company achieves may differ materially from any forward-looking statements due to such risks and uncertainties. Bio-Clean International, Inc. and Ionlite, Inc. do not undertake any responsibility to update the “forward-looking” statements contained in this news release.
